

## **MAIN HOSTEL (EASTERN WING)**

*The Main Hostel (Eastern Wing) is one of the two wings of the Main Hostel. This hostel is the oldest UG boys' hostel of College of Veterinary Science under Assam Veterinary and Fishery University. The construction of the Main Hostel Building started in 1960 and it came to functional from 1964. The main hostel of the College of Veterinary Science (CVSc), Khanapara is one of the major residential facilities for students pursuing BVSc& AH degree under Assam Veterinary and Fishery University at Khanapara, Guwahati, Assam. It is located within the college campus near GS Road, which allows students easy access to academic buildings, class rooms, laboratories, college canteen, indoor stadium, college auditorium, the veterinary clinical complex and many other amenities of the institute. The main hostel provides accommodation only to undergraduate veterinary students. It is situated inside the CVSc campus in a peaceful and green environment that supports both academic and residential life. The hostel offers basic facilities such as furnished rooms, common areas, and spaces for study and recreation. Being located close to classrooms, laboratories, and the veterinary clinical complex, it helps students conveniently participate in academic activities and practical training. The hostel also promotes a disciplined and friendly community life among the students.*

## **1. Basic Information**

The *Main Hostel (Eastern Wing)* is a boys' hostel established in 1964, offering a comfortable and structured residential environment for students. The hostel was first overseen by Late Dr. R.P. Talukdar, whose leadership laid the foundation for its continued development.

The facility has a total intake capacity of 70 students and currently accommodates 59 residents. The building consists of 2 floors and houses a total of 36 rooms, designed to provide a conducive living and study atmosphere.

This hostel continues to serve as an important part of campus life, maintaining its legacy while meeting the needs of present-day students.

## **2. Room Details**

The hostel offers well-maintained “*double*” and “*triple*” occupancy rooms, designed to ensure comfort and convenience for residents. Each room is structured to support a balanced living and study environment.

For safe and clean drinking water, the hostel is equipped with a reliable RO water purification system, ensuring access to high-quality potable water at all times.

## **3. Mess & Dining Facility**

The hostel provides a fully functional mess facility for its residents. The mess serves both vegetarian and non-vegetarian meals, catering to diverse dietary preferences.

Managed efficiently by a Student Committee, the mess ensures quality food and smooth daily operations. The dining hall has a seating capacity of 20 students, offering a comfortable space for meals.

The approximate monthly mess charge is ₹1800, making it an affordable and convenient option for residents.

## **4. Facilities Available**

The hostel offers several essential facilities to support the comfort and well-being of its residents. A common room is available for recreation and social interaction, along with access to outdoor games for physical activities.

Residents can also enjoy TV facilities for entertainment and have access to newspapers and magazines to stay informed. Additionally, a first aid facility is available to address basic medical needs.

## 5. Safety & Security

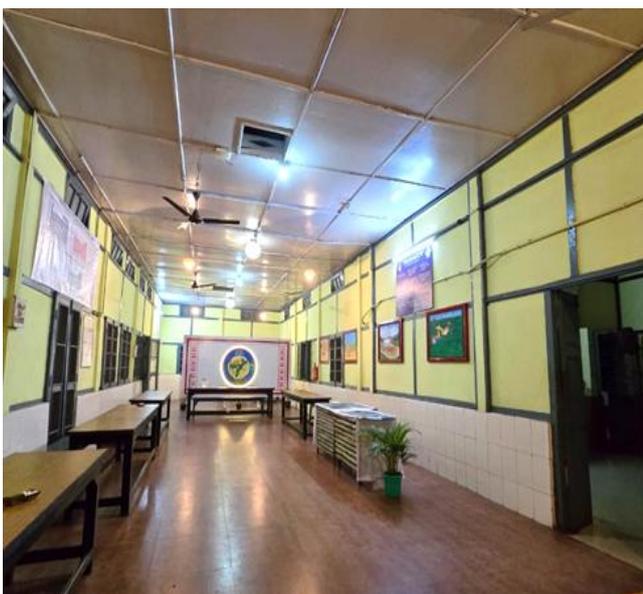

The hostel maintains a structured schedule to ensure discipline and safety. The entry and exit timing for residents is set at 7:30 PM, which is also the official gate closing time. Visitors are allowed between 5:00 PM and 7:30 PM.

In terms of security, the hostel benefits from its location within the university campus, providing a generally safe environment. Additionally, fire safety equipment is available on the premises to ensure preparedness in case of emergencies.
